

## **A fresh approach to IT services**

Greenwich Communication Centre is an exciting new independent IT service centre, which has opened up in the heart of Greenwich. The centre provides local businesses and consumers with a wide array of first class IT services, keeping the community connected and free from technical worries. Open 7 days a week and

staffed by highly skilled technical managers, the centre provides a huge range of competitively priced IT services for Greenwich and the surrounding areas.

Beyond IT services, the centre provides an ambient cafe culture environment where customers can relax, check their emails and enjoy a great cup of coffee while their computers get a health check. The technical team also give advice over the phone or provide support at your home or office.
